

Flexible, Cost-Effective Flat Roof Termination

The NCM Drip Edge provides a straightforward, reliable solution for terminating flat roofing assemblies. Its classic cleat, cover, and strip-in flange create a versatile edge metal system suitable for a variety of applications.

With no preset sizes, this profile offers the flexibility to meet your project's specific requirements while remaining a cost-effective option.

Cover Material	Cleat Material	Face Size	ES-1 Certified Pressure
.040" Aluminum	22ga G-90	up to 8"	-220 PSF
24ga Galvalume	22ga G-90	up to 8"	-220 PSF
